

-(으)ㄹ 뿐더러

not only that, but also — written

Stacks a second point onto the first, like -(으)ㄹ 뿐만 아니라 — but this one is a single ending, written with no space at all.

HOW TO ATTACH IT

Ends in a vowel	-ㄹ 뿐더러	싸다 → 쌀뿐더러
Ends in a consonant	-을뿐더러	좋다 → 좋을뿐더러
Ends in ㄹ	nothing added	만들다 → 만들뿐더러
Past	-았/었을뿐더러	갔을뿐더러
Spacing	joined — it is one ending	쌀뿐더러, not 쌀 뿐더러
Noun version	-(으)ㄹ 뿐만 아니라	쌀 뿐만 아니라 — with a space

WHEN TO USE IT

Vowel stems take -ㄹ 뿐더러, consonant stems -을뿐더러, and a ㄹ stem adds nothing: 만들뿐더러. Past is -았/었을뿐더러.

The spelling is the thing to get right. -(으)ㄹ 뿐더러 is a single ending and is written joined. Compare -(으)ㄹ 뿐만 아니라, where 뿐 is a noun and takes a space. Same meaning, opposite spacing.

Both halves must point the same way, and the second clause usually carries 도: 값이 쌀뿐더러 품질도 좋다.

It is more literary than 뿐만 아니라, and appears mainly in writing and prepared speech.

IN USE

- 이 제품은 값이 쌀뿐더러 품질도 뛰어나다.
This product is not only cheap but also of excellent quality.
- 그는 성실할뿐더러 능력도 갖추었다.
He is not only diligent but also capable.
- 이 지역은 교통이 편리할뿐더러 환경도 쾌적하다.
The area has convenient transport and a pleasant environment besides.
- 직접 만들뿐더러 재료까지 직접 기른다.
They not only make it themselves but even grow the ingredients.
- 그는 약속에 늦었을뿐더러 사과도 하지 않았다.
He not only turned up late but failed to apologise as well.

6 비가 올뿐더러 바람도 거세질 전망이다.

Rain is expected, and the wind is forecast to strengthen too.

COMPARED WITH

-(으)ㄹ 뿐만 아니라

The same meaning in a more common form. The visible difference is the space: **뿐만 아니라** contains the noun **뿐**, while **-뿐더러** is a single ending.

쌀 **뿐만 아니라** (with a space) / 쌀**뿐더러** (joined)

-(으)ㄴ/는 데다가

Same job, three registers. **-는 데다가** for speech, **뿐만 아니라** for formal use, **-뿐더러** for writing.

쌀 **데다가** (speech) / 쌀 **뿐만 아니라** (formal) / 쌀**뿐더러** (written)

-지만

As with the other additive endings, both halves must agree. A contradicting second clause needs a contrast ending.

쌀**뿐더러** 품질도 좋다. (both good) / 싸**지만** 품질이 나쁘다. (cheap but poor)

WATCH OUT

X 값이 쌀 **뿐더러** 품질도 좋다.

O 값이 쌀**뿐더러** 품질도 좋다.

-뿐더러 is a single ending and is written joined. The space belongs only to **뿐만 아니라**, where **뿐** is a noun.

X 직접 만들**을**뿐더러 재료도 기른다.

O 직접 만들**뿐더러** 재료도 기른다.

A stem ending in **ㄹ** already supplies it, as with **만들 거예요** and **만들 만하다**.

X 값이 쌀**뿐더러** 품질이 나쁘다.

O 값은 싸**지만** 품질이 나쁘다.

Both halves have to point the same way. A contradicting second clause needs **-지만**.
